AKINDELE EZEKIEL ONYEKACHI

WEB DEVELOPER

izykel23@gmail.com || (+234) 813 855 1655 || Ibadan, Nigeria.

PROFILE OVERVIEW

Ambitious and highly skilled Full Stack Web Developer with over 3 years of experience building scalable, high-performance web applications. Expertise in both front-end technologies (HTML, CSS, JavaScript, ReactJS) and back-end frameworks (Laravel, MySQL), with a passion for creating responsive, user-centered digital solutions. Proven track record in delivering business-driven web projects that significantly increase client sales. Strong collaborator with experience working in agile environments, constantly focused on improving code quality and user experience. Committed to staying at the forefront of industry trends.

AREA OF EXPERTISE

- Full Stack Web Development
- Database Management: MySQL
- Front-End: HTML, CSS, JavaScript, ReactJS
- Performance Optimization & Code Refactoring
- Back-End: PHP, Laravel
- API Integration & Payment Gateway Setup
- Teaching & Mentorship
- Agile Development & Team Collaboration
- Problem Solving & Debugging

ACADEMIC QUALIFICATION

B.Tech, Computer Science.   **Graduation Date: (Sept 2024)**

OAUSTECH Okitipupa, Ondo State.

PROFESSIONAL EXPERIENCE

Senior Web Developer.   **(January 2020 - Present)**

Pediforte Solutions, Ibadan, Nigeria.

- **Mentored junior developers**, providing guidance on best practices in coding, project management, and teamwork, fostering a collaborative and innovative work environment.

- **Led cross-functional teams** in defining project requirements and technical specifications, successfully delivering high-impact projects aligned with client business objectives.

- **Optimized website performance** by conducting code reviews and implementing advanced optimization strategies, achieving a reduction in page load times and a notable increase in user engagement.

Lead Developer (Freelance)   **(July 2024 - August 2024)**

Adultskout.com

- I developed a responsive, user-friendly massage website, **adultskout.com**, tailored to the adult massage industry.

- I implemented features that significantly improved the client booking process and payment handling, resulting in a substantial increase in sales.

Lead Developer (Freelance)   **(July 2023 - August 2023)**

Besttimechain.com

- I developed a secure cryptocurrency and gift cards trading platform, **besttimechain.com**, designed to facilitate seamless trading experiences.

- I developed a transaction system allowing users to receive payments in Naira after successful trades, enhancing user experience by streamlining the payment process.

- I integrated user activity controls for admins, enabling oversight of new and pending trades, and configured automated email notifications for each new trade to ensure timely updates and effective management of trading activities.

Lead Project   **(Sept 2024 - Present)**

Estorlify (Ongoing)

- I am currently developing **Estorlify**, a platform that allows users to set up an e-commerce site in under 5 minutes and manage customer orders through WhatsApp.

- I am utilizing **Laravel** and **ReactJS** to create a seamless and responsive user interface.

- I am working on integrating instant WhatsApp communication features for real-time order management and support.

Web Development Instructor   **(May 2023 – Present)**

- I taught comprehensive web development courses, focusing on **HTML, CSS, and JavaScript** to beginner and intermediate students.

- I conducted private online and in-person classes for individuals seeking to enhance their skills in front-end web development.

- I mentored students on real-world projects, helping them apply theoretical knowledge to practical web development tasks.
